Forecast for Friday 28 Jun 2024

Weather: Cloudy through the early hours, with occasional showers during the first half of the morning. Turning drier and brighter in the afternoon with sunny intervals. Winds easing.

Chance of cloud-free hill tops above 600m: 50% becoming 90%.

Low cloud and visibility: Widespread cloud obscuring some summits above 500m at first, but lifting and breaking from late morning. Generally very good to excellent visibilities but poor for a time in any showers.
